Request for Proposal:

“Onboard Quality Control of Data Acquisition for 3D Marine Seismic Survey, offshore Japan”

20 September, 2017
Japan Oil, Gas and Metals National Corporation
Oil & Gas Upstream Technology Unit
Executive Director, Makoto Ichikawa

Japan Oil, Gas and Metals National Corporation (“JOGMEC”) invites proposals for the “Onboard Quality Control of Data Acquisition for 3D Marine Seismic Survey, offshore Japan” (“Work”). Party who wishes to respond to this request for proposal (“RFP”) must submit its proposal in accordance with the following instructions.

1. Title of the Work
Onboard Quality Control of Data Acquisition for 3D Marine Seismic Survey, offshore Japan

2. Procedure for Preparation of Proposal
Party who wishes to receive further information must submit the following pre-requirement documents by email to all of the Contact Persons listed in the item 5.(2) of this RFP and ask for the Work Documents (“Work Specifications” and “Guideline for Preparing Proposal”).
   1) Signed Confidentiality Undertaking in the form attached to this RFP.
   2) List and brief description of experiences for QC consultation works for 3D marine seismic data acquisition, which shows at least 10-years-experiences.
   3) Brief description of experiences of personnel to complete the Work, which shows deep knowledge of the 3D marine seismic data acquisition and data processing.

JOGMEC will provide the Work Documents by email to the qualified Party(s) who satisfies all of the above pre-requirement. Only the Party(s) who receives the Work Documents can submit further proposal.

3. Objective and the scope of Work
The objective and the scope of Work will be detailed in the Work Specifications to be provided.
4. **Required Conditions to be Contractor**
   1) Experiences in QC consultation works in 3D marine seismic data acquisition, onboard data processing and HSE activities.
   2) Experienced personnel to complete the Work.
   3) Necessary organization with financial capabilities to conduct the Work.

   ❧ The Party should be a business entity who shall not be currently under a suspension of business order as instructed by the national government administrative organization.

5. **Submission of the Proposal**
   Party must submit its proposal by e-mail to all of the Contact Persons listed under item 5.(2) before the deadline specified under item 5.(1). Any proposal submitted other than by e-mail shall not be accepted or reviewed.

   (1) Schedule
   1) Deadline of proposals submission shall be 5:00 p.m. on 10 October, 2017 (Japan time)
   2) Notice of award by JOGMEC on middle of October 2017
   3) Signing contract on end of October 2017

   (2) Contact Persons: (E-mail only)
   Attn: Ms. Ayako Takahashi (takahashi-ayako@jogmec.go.jp)
   Cc: Mr. Kunihiro Tsuchida (tsuchida-kunihiro@jogmec.go.jp)

6. **Inquiries**
   Any question regarding this RFP shall be directed to all of the Contact Persons by e-mail. Any inquiries about the evaluation process shall not be accepted.

   NOTE:
   JOGMEC will use the proposal solely for the purpose of the evaluation for the Work.

   **End of “Request for Proposal”**
