Request for Proposal:

Quality Control for 2D Land Seismic Re-Data Processing in Kenya

20th April, 2018
Japan Oil, Gas and Metals National Corporation
Oil & Gas Upstream Technology Unit
Executive Director, Toshikazu EBATO

Japan Oil, Gas and Metals National Corporation (“JOGMEC”) invites proposals for the “Quality Control for 2D Land Seismic Data Processing in Kenya” (“Work”). Party who wishes to respond to this Request for Proposal (“RFP”) must submit its proposal in accordance with the following instructions.

1. Title of the Work
Quality Control for 2D Land Seismic Re-Data Processing in Kenya

2. Objective and the Scope of the Work
The objective and the Scope of the Work will be detailed in the Work Specifications to be provided.

3. Required Conditions to be Contractor
1) Experiences in QC consultation works in land seismic data processing in volcanic rocks dominated field.
2) Experienced personnel to complete the Work (Minimum work experience in industry is 10 years).
3) Necessary organization with financial capabilities to conduct the Work.
   ✦ The Party should be a business entity who shall not be currently under a suspension of business order as instructed by the national government administrative organization.

4. Outline of Contract
1) Date of Contract
   Signing of the Contract will be in May 2018. The Work is expected to be commenced in May 2018 and complete in July 2018.
2) Amount of Budget
   US$85,000
   Above amount shall include but not limited to direct expense, expense of an alliance with other company, and tax. (Your quotation shall not exceed the above mentioned budget. The cost performance will be one of the evaluation criteria.)

5. Proposal Requirements
   Party must prepare its proposal in accordance with this RFP and the Work Specifications to be provided. The proposal should include and satisfy the following items:

   (1) Outline of company and/or individual career
   (2) Records of previous QC consultation work for land seismic in Africa
   (3) Records of previous work contracted by JOGMEC/JNOC
   (4) Quotation for the Work
   (5) Draft Contract

   All documents included in the proposal must be written in English language and submitted in Microsoft Word or PDF format.

6. Submission of the Proposal
   1) Submission of the Proposal
   Party must submit its proposal by E-mail to all of the Contact Persons listed under item 6.(3) before the deadline specified under item 6.(2). Any proposal submitted other than by E-mail shall not be accepted or reviewed.

   2) Schedule
      a) Deadline of the proposal submission shall be 10:00 a.m. on 4th May of 2018 (Japan time). JOGMEC will not consider any proposal received after the deadline.
      b) Judgment of award by JOGMEC in May 2018
      c) Signing contract in May 2018

   3) Contact Persons: (E-mail only)
      Dr. Kazunobu Yamane: yamane-kazunobu@jogmec.go.jp
      Mr. Shunsuke Yahagi: yahagi-shunsuke@jogmec.go.jp
Overseas Exploration Division, Exploration Department
Japan Oil, Gas and Metals National Corporation
10-1, Toranomon 2-chome, Minato-Ku, Tokyo 105-0001, Japan

7. Evaluation of the Proposals
The proposals submitted in response to RFP by the deadline will be evaluated with the following criteria:
   (1) Experiences in QC consultation works for land seismic processing
   (2) Work experiences and knowledge of the members to be assigned to the Work
   (3) Term of execution
   (4) Cost performance

The result of the evaluation will be published on this website. JOGMEC, however, shall not be obliged to give any reason for rejection of proposals.

8. Inquiries
Any questions regarding this RFP shall be directed to all of the Contact Persons by E-mail. Any inquiries about the evaluation process shall not be accepted.

NOTE:
JOGMEC will use the proposal solely for the purpose of the evaluation for the Work.
