

Invitation

Oil & Gas Survey and Technology Group
Japan Oil, Gas and Metals National Corporation (JOGMEC)

JOGMEC is inviting a tender for the “Recent Technologies for P-S converted Seismic Exploration”. Please read this invitation carefully and send us the proposal for this work.

1. Outline

JOGMEC would like to study the recent technologies, technical limitations, economics and future improvements for P-S converted seismic exploration.

Please refer the “Specification” for details.

2. Contract

(1) Procedure

After the evaluation of proposals, the contract will be finalized between JOGMEC and contractor.

(2) Duration

About 4 month (no later than February 28, 2007) after the date of contract.

(3) Budget

Total budget for the work is about US\$153,000 (¥18,000,000, ¥117/US\$).

(4) Deliverables

Please submit and conduct the following things as deliverables.

- Final report (3 copies)
- CD or DVD including all documents and figures in the final report and final presentation
- Final presentation at JOGMEC Technology Research Center in Japan

3. General requirement

- (1) Considerable knowledge and experience in the technology is required.
- (2) Applicants must be reputable and financially stable companies.

(3) Applicants must have suitable organization for the technology.

4. Proposal requirement

Please make a proposal based on invitation (this paper) and specification.

(1) Proposal documents

Two sets of all proposal documents (original and copy) and one set of digital PDF file in CD must be submitted.

- Cover letter (with signature of representative)
- Technical proposal

Proposal must clearly indicate that the following items will be dealt with.

- (a) Proposal for specification (Please make proposal consist with JOGMEC objectives for the study. Please add any items for recent P-S converted seismic technology. Please write by bold or with underline for those additional items if you propose.)
 - (b) Turnaround time and detail schedule
 - (c) Work organization
 - (d) Person in charge with CV
 - (e) Company experience for P-S converted seismic exploration
- Quotation for total cost (Please include all cost for whole work, for example, business trip, visiting JOGMEC Technology Research Center in Japan for final presentation, reporting. Breakdown for each work must be submitted. Quotation must clearly indicate the unit cost and the total cost.)
 - Draft of contract
 - Company information

(2) Proposal form and Specification

Please download the following files for your convenience.

- Specification
- Proposal form (example)

5. Proposal submit

(1) Proposal deadline

September 22, 2006, 09:00 UTC (18:00 (JST))

- Proposal should be arrived at JOGMEC Technology Research Center until the proposal deadline.

- Only proposals sent by registered mail or courier will be accepted.
- In the case of existing of defect in proposal and not to be able to revise it, the proposal will be invalid.

(2) Address

Shinichi Matsuzawa (Mr.)

Geology & Geophysics Team

Oil & Gas Survey and Technology Group

Japan Oil, Gas and Metals National Corporation (JOGMEC)

E-mail : matsuzawa-shinichi@jogmec.go.jp

Address : 1-2-2 Hamada, Mihama-ku, Chiba-city, 261-0025, Japan

(3) Proposal treatment

- Proposal documents will be only used for evaluation and decision of specification.
- Submitted proposal will not be returned.

6. Proposal evaluation and result

(1) Proposal evaluation
